## Overview

Nepal Adventure Holidays is a journey in which you will see and visit all the interesting places of mountains, hills, cultural spots, and valleys of Nepal. What kind of mountains will you see? A range of mountains; a panoramic view of mountains. From the middle of the wilderness, from the middle of the trekking trail, you also see the beauties of nature that are in abundance, and that is as free as anything else, without the interference of human beings. It is in the midst of this nature that you reach Poon Hill, which lies at the height of 3,210 m, which is the highest point of this trip, and which offers you the view of mountains, such as Dhaulagiri, Annapurna South, Fishtail, and others. In addition to reaching Poon Hill, you also reach the region of rhododendron trees; this region is said to be the largest rhododendron region of Nepal.

One of the highlights of Nepal Adventure Holidays is a sunrise and a sunset view on the mountains; trekking agency always loves to emphasize this view because it always finds this view beautiful, attractive, awesome, and mind-blowing and wants to show their clients, especially their tourists, who are fond of watching the snow-covered mountains preceding the sunrise, during the sunrise, and following the sunrise. This is the side of nature that you will enjoy during the Nepal Adventure Holiday. Another aspect of this holiday is the cultural aspect. For example, you reach Gurung villages, where you will experience a typical ethnic culture. And Ghandruk is one of these villages.

Nepal Adventure Holidays trip also takes you to Chitwan National Park, and there you will visit the visitor's center, attend the cultural dance of the Tharu community, do an elephant ride, jungle walk, boat in the Rapti River and see birds and crocodiles. You might also bathe an elephant in the Rapti river.
